

TrakMaster™ for Ceiling, Partitioning and General Contractors

The fastest method of installing partitioning track

Cordless and quick to set up, users can move quickly and effectively without restriction.

Product Advantages

- Cordless - self powered, no set up time required
- Sequential actuation - safe operation
- Depth-of-drive (indicated on top of the tool)
- Lock-out feature (security)
- Belt hook
- Flared fastener guide designed for partitioning track work
- 5kg actuation force
- Soft cushioned grip
- Voltage indicator light
- Heat sensor controls amount of gas injected, relative to the ambient temperature
- Electronically controlled fuel injection

Applications

- Fixing partitioning track systems to concrete, masonry, block and structural steel
- Fixing particle board flooring to steel joists
- Fixing termite protective mesh to concrete, brick, block and structural steel
- Fixing timber to concrete, brick, block and structural steel
- Fixing foils, membranes and mesh to concrete, brick, block and structural steel (using 25mm steel washers and magnetic fastener guide)

Substrates

- Concrete • Composite steel decking • Solid brick
- Precast • Steel • Pre-stressed concrete • Hollow block wall
- Reinforced concrete • Reinforced prefabricated concrete

Battery Specifications	
Voltage	6V
Amperage	600mA
Charge time	1 hour
Tool Specifications	
Weight	3.7kg
Height	383mm
Length	295mm
Magazine capacity	20 (+3) pin magazine
Impact force	82J
Actuation pressure	5kg
Overdrive	4mm (adjustable)

Product Range - TrakMaster™

Part No.	Description	Order Qty
TRAKMASTER	TrakMaster™ Pulsa™ Tool	1
Kit includes: TrakMaster™ Pulsa™ Tool, high impact carry case, 1 battery, battery charger, safety glasses, allen key, dust cover and instruction manual		

Product Range - All-purpose Pin Range for Steel and Concrete Fixing

Standard Duty Pin Range - Black Strip C6 Pins (Fixing timber/mesh to concrete/light gauge steel)

Part No.	Description	Length	Order Qty
C620	Gas Pin C6-20	20 mm	500
C625	Gas Pin C6-25	25 mm	500
C630	Gas Pin C6-30	30 mm	500
C635	Gas Pin C6-35	35 mm	500

10 pins strip collation (suitable for use in 20 and 40 pin magazines); box of 500 pins + 1 x Fuel Cell

Heavy Duty Pin Range - Orange Strip HC6 Pins (Premium pin for fixing into hard concrete/steel)

Part No.	Description	Length	Order Qty
HC615	High Strength Gas Pin HC6-15	15mm	500
HC617	High Strength Gas Pin HC6-17	17mm	500
HC622	High Strength Gas Pin HC6-22	22mm	500
HC627	High Strength Gas Pin HC6-27	27mm	500
HC632	High Strength Gas Pin HC6-32	32mm	500

10 pins strip collation (suitable for use in 20 and 40 pin magazines); box of 500 pins + 1 x Fuel Cell
Note : Flush head which leaves no plastic residue after fixing is available upon request

Product Range - Washers

Part No.	Description	Order Qty
LD100	Ø25mm washer	500

Product Range - Accessories

Part No.	Description	Order Qty
333700	Magnetic Washer Holder (for use with LD100)	1
320940	Magnetic Clip Holder (angle / Z clip)	1
337700	TrakMaster™ Fastener Guide	1
010670	40 Pin Magazine (for 20 pin magazine)	1
PULSALIFT	Pole Tool (2.4m to 3.8m working height)	1
334000	Battery	1
401482	Gas Tool Degreaser and Lubricant	1
115251	Intensive Tool Cleaner (300ml)	1
